

Frustration

Purple Hearts

I'm going round and round in circles
just a thinking of this mess
my mind goes into spirals
I don't know I'll have to guess

I get frustration!
I wear it like a suit
but the jacket fits too tightly
and there's lead inside my boots

well I think I'm going down again
I never seem to go up
I always lose what I could gain
I spill it from the cup

I get frustration !
I wear it like a suit
but the jacket fits too tightly
and there's lead inside my boots

(inside my boot - I'm in the street and i can hardly move)

frustration fru-fru-fru-fru its pouring down on the m-me
frustration fru-fru-fru-fru oh baby can't you see

I get frustration !
I wear it like a suit
but the jacket fits too tightly
and there's lead inside my boots

I g-g-g-get frustration!
I wear it like a suit
but the jacket fits too tightly
and there's lead inside my boots
