

Peace Song

Onyeka Onwenu

We are the women of nigeria
And peace is what we bring
Let it rain,let it rain everywhere
We are the children Of nigeria
Peace is what we Need
Saw it all and Made us one

Let there be
peace In our in our house
Peace In our homes
peace in the Nation and the World
Peace in Our House
Peace In our Homes
Peace in the nation and the World

Every Where around Us
There Is nothing but war
People dieing there is farming everywhere
Why Don't we come Together
Love One Another
So the world can live as one

Let There Be
peace In our in our house
Peace In our homes
peace in the Nation and the World
Peace in Our House
Peace In our Homes
Peace in the nation and the World

May your Life has be Filled with love
And may your Days be long And happy
May ur love and joy that Comes from above
May the World Be filled With love

We are the women of nigeria
And peace is what we bring
Let it rain,let it rain everywhere
We are the people Of nigeria
Peace is what we Need

Saw it all and Made us one

Let there be
peace In our in our house
Peace In our homes
peace in the Nation and the World
Peace in Our House
Peace In our Homes
Peace in the nation and the World
