

Hank's Little Fingers

Guided By Voices

{ chorus }

We're watchin Hank

We're watchin Hank's little fingers

We're watchin Hank

We're watchin Hank's little fingers Touching like new skin

pulling in the fibers within

hammerbox and strum

Beating on the Indian Drum Unless you got the answers

Don't patronize the mountain man, uh-oh-oh

Unless you got the answers

Don't patronize the mountain man, uh-oh-oh { chorus } swimming river flow

rifle, bullet, arrow, and bow,

poster, paint, and tile

lepos, chivine, car and reptile unless you've got the answers

don't patronize the mountain men.
