

Kind Woman

[Cris Jacobs](#)

We can take our time, ain't a hurry at all
I like to hear you name calling, you know I get lonesome for it
I won't ever do nothing to act rude
I wanna tell the truth to you all night long I got nowhere to be
Ain't nobody else I'm lookin for, ain't no one lookin for me
Been a long time loner on the boulevard, don't you know
I say we keep a lock on the bungalow, kind woman I pulled a two-outer, I pulled a two-outer
you know with you I worry that I don't deserve another windfall
I done lost it all before, but I'm glad I'm on, the right rhythm of the roll
You got the touch, you got the gold, all night
I must be livin right, I must be living well
you got sevens in your lovin eyes, let me ring that bell
Well I'd lay every nickel down a thousand to one cold clean
that you're the best, thing that I ever seen, kind woman
