

Time and Space

Jandek

He said show up wearing black or white
I looked at my clothes and it seemed
Ahhh, they were all black
They carried my clothes in coffins
You said yeah, put them in the closet
Oooh, time, oh, space
He wound a silver thread around my neck
I looked around but ahhh
Land sakes!
They bought all their oranges from Florida
You said just put them in the closet
Oooh, time, oh, space
He brought a lot of phony eyebrow pencils
I hid behind an electric fence
Oh they brought all the jellyfish from Ireland
Ireland
You said ah, just put 'em you know where
In the closet, that's where
In the closet
Oooh, time, oh, space
He said show up beat up
Wearing black or white
I looked at my clothes, they were all, all black
They carried in my clothes on coffins
Ahh, you just said put 'em in the closet
Oooh, time, oh, space
