

The Same Man

[Dan Sultan](#)

I love your friends
But they don't love me
They'll tell you that they told you so
They all saw it coming You gone to stay at your ma's
She likes the way that I eat
I swept her off her feet
But she wishes I was better And my friends tell me
Not to be too hard
She always saw your cards
When she fell in love with you And now you're at the fest
In a town called Merredin
I'm just waiting on your text
But it's never coming through Oh now I'm hangin with my cousins
And I'm textin for your lovin'
I'm alone again You won't take my calls
and you won't back down
But I'm the same man as I've always been Oh now I'm hangin with my cousins
And I'm textin' for your lovin'
I'm alone again You won't take my calls
and you won't back down
But I'm the same man as I've ever been Ohhhhhhhhhhhhhhhhhhh Ohhhhhhyeea Ooooooh now I'm hangin with my
cousins
And I'm textin for your lovin'
I'm alone again You won't take my calls
and you won't back down
But I'm the same man as I've always been
