

Chotee

Bif Naked

I was just out of highschool
In my first band
And I married my drummer
Our love was grand
I thought it was forever
Till death do us part
And then he cheated on me
And he broke my heart
Chotee So young so confused
What was I to do?
I'm so sorry, Chotee
But I couldn't keep you
I hope you can forgive me
I hope you can forgive me My baby, my baby, my baby
Chotee forgive me Me and him were fightin'
On the road for two years
He never loved me, anyway
Still brings me to tears
Chotee He didn't really want you
'Cause he didn't want me
He didn't wanna be a husband
Didn't wanna be a daddy
I hope you can forgive me
I hope you can forgive me My baby, my baby, my baby
Chotee forgive me Sai Ram
Sai Ram
Sai Ram
Sai Ram
Sai Ram
Sai Ram
Sai Ram
Sai Ram
Sai Ram My baby, my baby, my baby, my baby
So long, my baby
So long, my baby
So long, my baby
So long, my baby
My baby, my baby, my baby, my baby
So, so long, so long my baby
So, so long, so long my baby
