Marcus Has the Evil in Him

[Rollins Band](#)

Hang me up
Lead me on
Waste my time
Make me feel like a part of your lifeForget my name
Forget my face
I'm such a fool
Why can't I do the same thing to youBreak me slowly
Change your mind
Just devastate meI know you see me
I know you feel me
I know you watch my heart break in pieces
As time goes by
I wonder why
Some people are so damn meanBreak me slowly
Change your mind
Just devastate meMake me hate the day
You ever came my way
Make me see the hope is a lieI know you know my name
I know you know this pain
I know you love what you do
I know you won't let me downWhen you break me
Make it last
Just devastate me
