Junebug Waltz

Hurray For The Riff Raff

oh my little darling
you must have come from the sea
with all of those little fishies
pretty as can beand oh my little darling
you must have come from the ground
with all of those little june bugs
crawlin all aroundoh my little darling
you must have come from the trees
fallin out of them branches
fallin all over meand oh my little darling
you won't be mine forever
you weren't made for me
you were made to be freeand when we are parted
put my body in that water
so i can sail far away
i will sail far awayand when we are parted
put my body in the ground
so all of your little june bugs
can crawl all aroundhello my little darling
you wont be mine forever
you weren't made for me
you were made to be freeand when we are parted
put my body in the ground
so all your little june bugs
can crawl all around
