

Brompton Cocktail

Avenged Sevenfold

(Out of time)
Doc, I'm dying, I'm feeling compromised
(Feeling compromised)
And so dehumanized
(And so dehumanized) I lost my final fight to disease
I feel that this is where it ends
I need that shot to enter my vein
My Brompton cocktail blend Cause I can't feel my face
I won't struggle on
In a world so cold
In a world so wrong I'm not running away, fighting this so long
(So long)
Such a price that we pay, we gotta be so strong in a lie I'm tired, induced euphoria
(Induced euphoria)
To help me move along
(Help me move along) I wanna meet my maker in peace
I want to feel alive again
So put that smile back on my face
And mix it strong, my friend Cause I can't feel my face
I won't struggle on
In a world so cold
In a world so wrong I'm not running away, fighting this so long
(So long)
Such a price that we pay, we gotta be so strong
And I take my life tonight cause I have the right to die how I wanna
And leave how I arrived, so alive I believe my sins will be forgiven
And I believe my choice will save me from this life
Please don't question why my sins have been forgotten
I believe I'll find peace in afterlife
Please don't question why I left this way Cause I can't feel my face
I won't struggle on
In a world so cold
In a world so wrong I'm not running away, been fighting this so long
(So long)
Such a price that we pay, we gotta be so strong
And I take my life tonight cause I have the right to die how I wanna
And leave how I arrived, so alive
(Alive)
