

B.E.A.T.

Selena Gomez

It's a big bad world but I ain't ashamed to like the lights in my hand
And the beat in my face
It's a big bad world but I ain't ashamed to like the lights in my hand
And the beat in my face Beat in my face, beat in my face,
The lights in my hand, and the beat in my face Beat in my face, beat in my face,
The lights in my hand, and the beat in my face Imma make you bend your back
Oh my god this beat is crack
When I do this, you do that I feel like dancing when I hear that sound
Just wanna do it, eh, just wanna do it, eh
I feel like dancing when I hear that sound
Just wanna do it, eh, just wanna do it, eh It's a big bad world but I ain't ashamed to like the lights in my hand
And the beat in my face
It's a big bad world but I ain't ashamed to like the lights in my hand
And the beat in my face Beat in my face, beat in my face,
The lights in my hand, and the beat in my face Beat in my face, beat in my face,
The lights in my hand, and the beat in my face Imma bring the party back
We gon' blow the thermostat
When I do this, you do that I feel like dancing when I hear that sound
Just wanna do it, eh, just wanna do it, eh
I feel like dancing when I hear that sound
Just wanna do it, eh, just wanna do it, eh It's a big bad world but I ain't ashamed to like the lights in my hand
And the beat in my face
It's a big bad world but I ain't ashamed to like the lights in my hand
And the beat, beat, beat, beat Automatic, dance-natic, I can't get enough
I can't get enough, I can't get enough, of that beat in my face Beat in my face, beat in my face,
The lights in my hand, and the beat in my face
Beat in my face, beat in my face,
The lights in my hand, and the beat in my face
