

44 Minutes

Megadeth

It was a cold winter's morning
Somewhere shortly past 9:00 AM
The armored car they wanted to heist wasn't
coming So instead they went for the bank
The fateful duo that sat in the get-away car
Heavily sedated with
thousands of rounds
Armor piercing, fully automatic weapons
The bowls of wrath poured out on the
ground
[Chorus:] Baptized in a firefight
Hot blood running cold as ice
44 minutes of target practice
All hell's
breaking loose
Outgunned, watching "The Force" come to a firefight with a pocketknife
Getting schooled until
they shot Achilles' heel
And brought down the beast!
This was an accident waiting to happen
It wasn't if it would happen, it was when
The city's people sabotaged themselves
Calling their firepower unneeded expense
The two most violent men it seemed couldn't be stopped
Standard police issued guns were just not enough
But SWAT arrived to settle the fight
Between AK-47 and AR-15
