

G.e.s.

Nellie Mckay

There you are
There you're good and gleaming
There you are
There you're bold and beaming
There you sit
Every bit built to last There you were
There you traveled slowly
There you were
You were life unfolding
Now you've quit
Now they've broken the mast Doo doo doo doo doo doo
The town's for sale
Doo doo doo doo doo doo
It never fails And I can make it happen
And I can make it fun
And I can watch it flatten out
And I can make it run
