She said, when you get back we're gon' sing a different song, but she liedFlew in on a red eye I put a quarter in the phone and
Voice said leave a message cause there aint nobody home
I live in a hotel wonderin' where she's at
You know the girl givin' me the third degree and that aint where its at noWhen you get back we're gon' cha cha all night long, but she lied
She said, when you get back we're gon' sing a different song, but she lied
