Fat Man

Derrick Morgan

hey fat man leave my girl alone
shes a one man girl
if you don't have a girl then go get one of your own

all night long you come bumming around my home
all night long you come bumming around my home
if you don't have a girl then go get one of your own
fat man

she's a one man girl alone
if you don't have a girl then go get one of your own
hey fat man
