

# Loverboy

## Annalise

I got myself a lover who knows what I like  
When he invites me over, I come every time  
And when my sugar daddy takes me for a ride  
    Whatever way we go it's delirium time  
    He's all mine and his lovin' makes me high  
Like a taste of ecstasy all I need is him to be my loverboy  
    Loverboy come on and love me  
    Give me more, touch me and touch me  
    I enjoy the way you rock me  
        All night long  
    Loverboy come on and take me  
    Only you know how to make me  
        Shudder with anticipation  
        All night long  
    I got myself a lover and he's so sublime  
    It's quite a bit of heaven to feel him inside  
'Cause when my sugar daddy takes me for a ride  
    Whatever way we go it's delirium time  
    I get weak when his candy kisses sweetly  
Caress my whole body, all I need is him to be, my loverboy  
    Loverboy come on and love me  
    Give me more, touch me and touch me  
    I enjoy the way you rock me  
        All night long
