So Temporary

Novice

This is all inside
The words that you never hear
This is not goodbye
I'm leaving that to youSo temporary
Now it's on your head
If you want to see anything
It's all youI'm done with this
Is this what you call relationships
My emotion is dead
These efforts can't be useless
My emotions are faded
This is all so temporary
[x2]My emotion is dead
These efforts can't be useless
My emotions are faded
This is all so temporary
[x2]
