# Twisted Logic

## C83

Sunlight opened up my eyes
To see for the first time
It opened them upAnd tonight rivers will run dry
Not for the first time
Rivers will runHundreds of years in the future
There could be computers
Lookin' for life on earthDon't fight for the wrong side
Say, what you feel like
Say, how you feelYou'll go backwards
But then you'll go forwards again
You'll go backwards
But then you'll goCreated then drilled and invaded
If somebody made it
Someone will mess it upAnd you are not wrong to
Ask who does this belong to
It belongs to all of usYou'll go backwards
But then you'll go forwards again
You'll go backwards
But then you'll go forwardsYou'll go backwards
But then you'll go forwards again
You'll go backwards
But then you'll go forwards
