

Dust (UNKLE Remix)

Haelos

Still

The space and the time

Dust in the flow like

Shadows in twine

Forget about us

Load on the mountain

Lost to the sound

I can't feel enough

To be the weight of us

I can't feel enough

I can't feel enough

To keep this wasted love

I can't feel enough

This love ain't mine

This love ain't mine

This love ain't mine

This love ain't mine

This love ain't mine

This love ain't mine

Come, I pull and laid

The faces that torn me

Keep guiding my way

What happened to us?

tough from the moment

I've been in dust

I can't feel enough

To be the weight of us

I can't feel enough

I can't feel enough

To keep this wasted love

I can't feel enough

I can't feel enough

To be the weight of us

I can't feel enough

I can't feel enough

To keep this wasted love

I can't feel enough

This old love, you know now

(I can't feel enough) it's not over

Just gone now (I can't feel enough)
What goes around comes back around

This love ain't mine
This Love ain't mine
This Love Ain't mine
This Love Ain't Mine
This LOVE Ain't MINE
THIS LOVE AIN'T MINE
