

# Illustrated Man

## Johnny Winter

I am the illustrated man, baby  
I got tattoos everywhere  
I am the illustrated man, baby  
I got tattoos everywhere  
I just love my decorations  
from my feet up to my headGot a screamin' demon on my chest  
cat face on my thigh  
Got naked women all over me  
until the day I dieI am the illustrated man, baby  
I got tattoos everywhere  
People love my decorations  
they just have to stop & stareGot the Mona Lisa on my keister  
Van Gogh on my nose  
I'm a walkin' work of art  
from my head down to my toesI am the illustrated man, baby  
I got tattoos everywhere  
Just love my decorations  
from my feet up to my headI got faces goin' on places  
where the sun don't shine  
Little girl if you show me yours  
girl I'll show you mineI'm the illustrated man, baby  
I got tattoos everywhere  
People love my decorations  
they just have to stop & stareI'm the illustrated man,  
I'm the illustrated man,  
Come on get some if you can  
I'm the illustrated man
