I'm not

[Oliver Schories]

I'm not
ready
for it
but then ever i could be
I'm not
ready
for it
but then ever i would be
I'm not
I'm not
I'm not
I'm not
no name
for it
as you come
well name each after its way
no name
for it
as you come
well name each after today

I'm not
I'm not
I'm not
I'm not
as with
all else
any piece
has its place and form to fill
as well
all else
any piece
has its place its form to fill
I'm not
I'm not
I'm not
I'm not
I'm not
I'm not

I'm not
I'm not
