Stay

St. Lucia

Baby, where did the time go?
Tell me, where did the time go?
'Cause I can't see through your shadow
I can't see through your shadow
Baby, I sure hope that you know
What you're doing with that echo
'Cause I can't hear through that echo
I can't hear through that echoBaby, stay with me, stay with me now
Honey, stay with me, stay with me now
StayBaby, let's start the time, go
Let it because we all know
All the secrets that I know
Keep me hanging on where you go
And in my heart, there is violent
Keep it wrapped up and silent
Let's throw it into the sun
It will ignite and show the wayBaby, stay with me, stay with me now
Honey, stay with me, stay with me now
Stay, stayWhy won't you, why won't you
Why won't you stay with me now?
Why won't you, why won't you
Why won't you stay with me now?
Why won't you, why won't you
Why won't you stay with me now?
Why won't you, why won't you
Why won't you stay with me now?Baby, stay with me, stay with me now
Honey, stay with me, stay with me now
Stay with me, stay with me now
Stay, stayWhy won't you, why won't you
Why won't you
We've really got it figured out this time
Why won't you, why won't you
Why won't you
We've really got it figured out this time
Why won't you, why won't you
Why won't you
We've really got it figured out this time
