

Emotional Flatline

Carcass

An emotional void, a cold empty shell
Embittered husk, a heart of darkness
Trace weak pulse, vascular eclipse
Numbed and sapped, emotional paralysis Flatline, grievous bodily heart
Flatlined, sensitivity bypassed No tears to cry
Stone cold emotional flatline Emotional flatline
No tears to cry With indifference touched of emotion drained
Cold bloody minded, caressing disdain
Pulsating life, only rhythmic dead beats
Terminal cardiac ridden with disease Flatline, no tears to cry
The hard line, stone cold emotionless flatline No time to cry
Stone cold emotional flatline Emotional flatline
No time to cry
No tears to cry
