

Custody

UK Subs

Custodians of the law
Protect the rich and fuck the poor
Neighborhood is shot and gone
Surrounded by shit we live on
In custody
Custodians of the law
Protect the rich, fuck the poor
Gonna leave this place
Gonna leave this town
Gonna get a ride
Don't wanna be
In custody
Neighborhood is burning down
Leave this city, go leave this town
Don't wanna be in custody
In custody
