

G.O.O.D. Morning (Europe Version)

2 Chainz

give it the rest and make em love again
in my best I'ma be the run again
and I got them starring in
I'm getting this nigga in the morning
he gonna think he been chiefing just too long when
he see me in the evening
wanna catch all these feeling
well let me be the first to get mine
Okay I'm chillin in my cama O flippin to the channel
all my good music shit, my logo is a lambo
four doors are amo, this emunition I'm pitchin I'ma make your body
switchin other position and listen my weed live,
f*ck her and speed out, telling my bells on 'cause I'm in my sleeze out,
letting my tatch oh, and my tag pass I'm letting my ass show,
I'm hottest to basco I stud it, castro, yeah my plug from Cuba
inside the cars like a damn cube,
inside the crib is like a damn museum,
you ain't seein this before you'd better get em on fam
I take your fam pockets your chance is a slim,
disrespect and stop em out man give em a tim,
you ain't did what I did, see I know I'ma win
and they don't have a slow motion so I did it again, wow.
He see me in the evening
wanna catch all these feeling
well let me be the first to get mine
Okay I'm sitting on the plane flying over graves
I am so high nigga I can talk the rain
my outfits insane, ain't that evident?
my chain had another chain like it was praggin here
my favourite dish is turkey lasagna
even my pajamas designer,
she got a fat ass and make a rewhine
back seats so big I press reclimb,
got a dirty sprite in my cup holder,
rap us like. key, they get run over,
they get done over, is just one soldier,
this floor I'll make it flow like it's October,
me and your girl nigga opposite the sober,
Celine Paris change I'm look like a cobra,

young Casanova, baby Romeo,
I got my girl gets you look like she from Tokyo.

He see me in the evening
wanna catch all these feeling
well let me be the first to get mine
