

# My Hero

## Ralph Flanagan

Too alarming now, to talk about  
Take your pictures down, and shake it out  
Truth or consequence, say it aloud  
Use that evidence, race it around  
    There goes my hero  
    Watch him as he goes  
    There goes my hero  
    He's ordinary  
Don't the best of them bleed it out  
    While the rest of them peter out  
Truth or consequence say it aloud  
Use that evidence race it around  
    There goes my hero  
    Watch him as he goes  
    There goes my hero  
    He's ordinary  
    Kudos my hero  
    Leaving all the best  
    You got my hero  
    One that's on  
    There goes my hero  
    Watch him as he goes  
    There goes my hero  
    He's ordinary  
    There goes my hero  
    Watch him as he goes  
    There goes my hero  
    He's ordinary
