

Baby Don't You Let Go

Trisha Yearwood

You got me walkin' a tightrope across a lover's sky
An' now I'm feelin' the wind blow, I've never been so high
Promise me the moon, I'm reachin' for the stars
I need a hand to holdBaby, don't you let go now
Baby, don't you let go now
Baby, don't you let goFinally found me a rainbow that I can hold on to
A little taste of heaven, pot of gold is you
Sittin' up on cloud nine with an angel's view
But it's a long way downBaby, don't you let go now
Baby, don't you let go now
Baby, don't you let go
Don't let goBaby, you make me feel
Safe enough to fly
Hold me forever and ever
Never say goodbyeWe're gonna plant our dreams in the sacred ground
Gonna watch love grow when the rain comes down, down
Gonna say a prayer for the strength we need
Put your hand to the plowBaby, don't you let go now
Baby, don't you let go now
Baby, don't you let go
Don't let goBaby, don't you let go
Baby, don't you let go
Baby, don't you let go
Baby, don't you let goBaby, don't you let go
Baby, don't you let go now
Baby, don't you let go
Baby, don't you let go
