

# Carpet Man

## The 5th Dimension

When you see some puddles on the ground  
You lay down, so she don't have to walk around  
You think that will protect her from the rain  
But you'll never ever stop the painShe walks all over you  
You know she can, she knows she can  
You're the carpet man, you're the carpet manYou take such care to keep that girl's feet clean  
Like she's some kind of figurine  
The world's so far below her, it's not her scene  
And so she uses you to stand betweenShe walks all over you  
You know she can, she knows she can  
You're the carpet man, you're the carpet manI would think you'd get tired of hurtin'  
Every now and then  
It's no good down there, that's for certain  
And carpets do get thinAnd that's when they have to be thrown away  
That's what she'll say to herself, some sunny day  
And she'll say, "Come to my wedding" and of course you do  
And then the groom and her will have a dance on youShe walks all over you  
You know she can, she knows she can  
You're the carpet man, you're the carpet manCarpet man  
Carpet man  
Carpet man  
Carpet man
