OMG I Miss You

Advisory - the following lyrics contain explicit language:

Oh my god I miss you baby
Between these sheets, this love we make
I still taste your lips each breathe I take
Oh I can't feel this empty space
OMG it's real, it's you and I
Without you I would rather die
I am not myself, it's hell on high
Drowning in this well of love on fireI know that I'm better off alone and lonely
I broke your heart and disappeared
The fear of being yours only
I know that I'm selfish, I know that I'm selfish
All alone, and lonely
But this house is not a home without you here
To hold meOh my god I miss you baby
Between these sheets, this love we make
I still taste your lips each breathe I take
Oh I can't feel this empty space(Oh my god) I miss you baby (I miss you baby)
I'm missing you baby
Oh my god I miss you baby (I miss you baby)
So come back with me
Oh my God I miss your song
And I count the hours it's been too long
Please don't tell me that this love is gone
Oh just let me write my wrongs
Oh my God (come back to me babe) I miss you babe
Come on home, come back to me
Oh my God (come back to me)
I miss you baby (I miss you baby)
(Oh my god)
I miss you baby (I miss you baby)
Oh my God, I miss you babe
