

Freakin Out

Death

It's a scheme
Theres a fiend
Why is my head spinning round in my dreams?
It's a time and a place
Why are all these lights popping up in my face?Or am I
Freakin out Freakin out Freakin out
Freakin out Freakin out Freakin out
Freakin out Freakin out Freakin out
Freakin out Freakin out Freakin outThere's a sign on the wall
There's a witch with a big crystal ball
There's an eye
There's a heart that's pumpin faster as we run through the parkOr am I
Freakin out Freakin out Freakin out
Freakin out Freakin out Freakin out
Freakin out Freakin out Freakin out
Freakin out Freakin out Freakin outEveryone looks very strange today
All of their faces seem to be washed awayEveryones talking i cant hear a thing
Im on the moon why is the sky so green?I think im walking up the stairs
While im sitting right down in my chair
I feel so light but im not
Everything's turning cold but it's hot.Or am I
Freakin out Freakin out Freakin out
Freakin out Freakin out Freakin out
Freakin out Freakin out Freakin out
Freakin out Freakin out Freakin out(Or are you freakin out?)
(Or are you freakin out?)Or am I
Freakin out Freakin out Freakin out
Freakin out Freakin out Freakin out
Freakin out Freakin out Freakin out
Freakin out Freakin out
