

# Close to Me

## D'Sound

Close your eyes,  
and picture this  
you and I on a pristine beach.Open up and I'm still here  
What you feel when I'm oh so near.I learn from the words  
but not from the mistakesI give till I burst  
to whatever it takesClose your eyes,  
and be a foolDream the dream,  
while we play it cool  
oohh oh oh  
We're close,  
baby you're so close,  
close to meFeels like  
I'm meant to be close,  
baby you're so close  
close to meWhat if I touched you  
I closed my eyes instead  
and I believe and  
I praise myself  
we're close  
baby you're so close  
close to me  
close to me  
Close your eyes  
and picture this  
how we shiver  
when we first kissit's a secret and  
it's a chance  
it's the rhythm  
of how we danceyou promise me nothing  
but when you are close  
your pheromones tell me  
what words do not knowclose your yes  
just be a fool  
dream the dream  
while we play it cooloohh oh oh  
We're close,  
baby you're so close,  
close to meFeels like  
I'm meant to be close,

baby you're so close  
close to meWhat if I touched you  
I closed my eyes instead  
and I believe and  
I praise myself  
we're close  
baby you're so close  
close to me
