

Unbroken Ground

[Gary Nichols](#)

Ooh, oh, oh Let me tell you now, this field ain't ever been plowed
But that don't mean it can't, it just ain't happened yet
But, baby, you seem to see past the weeds
So before you take a chance on me
Let me warn you, what you're gonna get It's gonna be a hard row, but it'll be worth it
'Cause I know, underneath the surface
What's a-waiting if you dig a little deeper down Keep doin' what you're doin', patiently
'Cause nothin' worth growin' comes easily
Lovin' me's gonna be like workin' unbroken ground I guess you could say that I've been the one to blame
'Cause I'm the one that built this fence
Keepin' people out of my heart, baby, you somehow got to me
An' found a way to plant a seed
So let me say, before you go too far It's gonna be a hard row, but it'll be worth it
'Cause I know, underneath the surface
What's a-waiting if you dig a little deeper down Keep doin' what you're doin', patiently
'Cause nothin' worth growin' comes easily
Lovin' me's gonna be like workin' unbroken ground Oh, it's gonna be a hard row, but it'll be worth it
'Cause I know, underneath the surface
What's a-waiting if you dig a little deeper down Keep doin' what you're doin', patiently
'Cause nothin' worth growin' comes easily
Lovin' me's gonna be like workin' unbroken ground La, la, la
Ooh, keep doin' what you're doin' La, la, la
Ooh baby, la, la, la
Workin' unbroken ground
La, la, la La, la, la
Workin' unbroken ground
La, la, la La, la, la
Ooh baby, la, la, la
Workin' unbroken ground
La, la, la
