Burned

Eva Under Fire

Burned

(Vs1)
I know you were hoping
For just a pretty face
Well now you got me goin
Better get out my way
Never asking you for favors
While Iâ€™m taking down your
Name
Whoa

(Chorus)
Call it
Call it off
Youâ€™re just a
Two-timing peace of mind
Call it
What you want
But I wonâ€™t
Have to be alone tonight
I got
Got the music baby
I know ya did me wrong
Call it a let down
But I learned
Why donâ€™t we call it
Burned

(Vs2)
No interest in your good time
I got my own to make
I know what you been thinking
You made a big mistake
I wanted what you had but
I never needed you
Sorry you got it twisted
Please donâ€™t look so confused

(Bridge)

Water under the bridge

Burn burn burn
