Black Morning

Jorn

In my life I've taken stormblows
When the wind was hard
it blew me to the ground - oh yeah
But I got up before I lost my soul
Now it's gonna take much more to bring me down
And I know it's coming another black morning
Casting shadows in my mind
And it's gonna be a heartache but I won't let it break
I believe it's gonna be a better day for me
Oh yeah it's gonna be a better day
Oh it hurts to find some people unkind
I chose my friends and left the bad behind
Took so long to find the way to go
Had to sail my ship to safer waters - yeah
But I know it's coming another black morning
Shooting demons in my mind
And it's gonna be a heartache so much pain to take
In the rain I keep my burning flame and I try
We feel it coming that final dawning
Yeah - the ghost is in our minds
We don't need a new religion
'cause the old one's not forgiven
'Till we die we face the liar and the crime - yeah
And now it's coming another black morning
another black morning - yeah
Oh Lord I feel it coming
and I got to hold on hold on hold
I'm coming hold on I'm coming
Got to hold on
