

Feel So Right

Krystal Meyers

I think I found the one, new life in my lungs.
Iâ€™m guessing this is love.
Pumping through my veins, killing all my pain.
Youâ€™re the remedy to my heart break, wonâ€™t have it any other way!
Hope this never dies!

Nothing else feels so right!
Every time you look at me Iâ€™m on a high!
I need your loving cause it makes me feel alive!
With the music playing itâ€™s so easy to believe that
Nothing else feels so right!
x2

I feel a little strange, you go straight to my brain, driving me oh so crazy!
(Crazy, crazy)
Between the sound and lights, you got me hypnotized!
And if there never comes a sunrise, well, thatâ€™d be just fine.
This will never die!

Nothing else feels so right!
Every time you look at me Iâ€™m on a high!
I need your loving cause it makes me feel alive!
With the music playing itâ€™s so easy to believe that
With the music playing itâ€™s so easy to believe that
Nothing else feels so right!
x2

Iâ€™m hanging on every word you said.
Youâ€™re the song stuck in my head and I love it!
Iâ€™m guessing this is, THIS IS LOVE!!!

Every time you look at me Iâ€™m on a high!
I need your loving cause it makes me feel alive!
With the music playing itâ€™s so easy to believe that
Nothing else feels so right!
x4
