

# Taillights Fade

## Buffalo Tom

Sister can you hear me now  
The ringing in your ears  
I'm down on the ground  
My luck's been dry for years I'm lost in the dark  
And I feel like a dinosaur  
Broken face and broken hands  
I'm a broken man I've hit the wall  
I'm about to fall  
But I'm closing in on it  
I feel so weak  
On a losing streak  
Watch my taillights fade to black I read a thing about this girl  
She was a hermit in her world  
Her story was much like mine  
She could be my valentine And although we've never met  
I won't forget her yet  
She cut herself off from her past  
Now she's alone at last I feel so sick  
Lost love's last licks  
But I'm closing down on it  
I feel so weak  
On a losing streak  
Watch my taillights fade to black Lost my life in cheap wine  
Now it's quiet time  
Cappy Dick nor Jesus Christ  
Could not help my fate But I'm underneath a gun  
I'm singing about my past  
Had myself a wonderful thing  
But I could not make it last I've hit the wall  
I'm about to fall  
But I'm closing in on it  
I feel so small  
Underneath it all  
Watch my taillights fade to black  
Watch my taillights fade  
Watch my taillights fade  
Watch my taillights fade
