

# Via Dolorosa

[Matthew Good](#)

There's a spider in the kitchen sink  
Turn the tap on, stand there, watch it panic  
Via Dolorosa Wait till I get my head on  
Wait till I get my head on straight  
Wait till I get my head on  
Wait till I get my crown on straight  
Wait till you get your head on  
Wait till you get your head on straight There's a tiger in your cage  
Now go to sleep  
Something's coming you don't know yet  
But it's sorry  
Via Dolorosa  
Wait till I get my head on  
Wait till I get my head on straight  
Wait till I get my head on  
Wait till I get my crown on  
Wait till I get my head on  
Wait till I get my cross on straight  
Wait till you get your head on  
Wait till you get your head on straight
