Wish On Me

Lisa Stansfield

Now it's time to say goodbye
But I'll always be there in your mind
We've had our time, so let's not cry
Wherever you wonder, never wonder why
And I hope that sometimes you'll look back and smileWish on me
And I will be the best that I can be
And I'll wish on you
And all the very best that you can doIf they never come
If they never come
If they never come
If they never come
Wish on meLet me look at your face, so I can remember its grace
Hold me close, hold me tight
Never forget all the love we made
And no matter how far, you're here in my heartSo wish on me
And I will be the best that I can be
And I'll wish on you
And all the very best that you can doIf they never come
If they never come
If they never come
If they never comeNever give up on the thought of me
Never let go of your hopes and dreams
I'm with you every step you take
So hold on for God's sakeRemember me when all your hope is gone
I'll give you reason to carry on
Maybe my hand won't be there to hold
But you'll never feel the cold
If you wish on meIf they never come
If they never come
If they never come
If they never come
Wish on meAnd I will be the best that I can be
And I'll wish on you
And all the very best that you can doIf they never come
If they never come
Wish on me
