

Your Faith In Me

Jessica Simpson

When I see you there I'm so aware how lucky I am, baby
'Cause I don't deserve, I don't come close to understanding, baby
The logic of your kind of trust, it amazes me
It's the more like you would care enough to just believe
Your faith in me, it pulls me through
When there's nothing around to hold on to
When I fall, when I'm weak, all the strength that I need
Is your faith, baby, your faith in me
Even with your love I get along 'cause I love is real, baby
It's like salvation to my soul 'cause that's how it feels, baby
The sacred thing that I keep close to carry on
And I know that I will be alright and you're here at all
Your faith in me, it pulls me through
When there's nothing around to hold on to
When I fall, when I'm weak, all the strength that I need
Is your faith, baby, your faith in me
You make me feel I can walk on water
I can reach above the stars
And now then comes our guessing
Safe within your arms
Your faith in me, it pulls me through
When there's nothing around to hold on to
When I fall, when I'm weak, all the strength that I need
Is your faith, baby, your faith in me
When I fall, baby, when I'm weak, baby
All I need, baby, is your faith in me
When I fall, baby, when I'm weak, baby
All I need, baby, is your faith in me
When I fall, baby, when I'm weak, baby
All I need, baby, is your faith in me
Your faith in me
