

The Nod Factor

Mad Skillz

I know you're tired of bouncin' so check this here
We got tha back breakin' club shakin' beat for this year
 Yeah, so peep the steelo and the flow
I gotcha head noddin' 'cuz your neck already knowsSo pass the mic and watch Skillz rip fast
 And have niggas up in parties catchin' whiplash
 Slash the wack, who tryin' to bite my style
Take yo ass to da old school and part your fuckin' eyebrowsI comin' through to about to get set
 So act like WU. Protect that Neck
 I still calm, I'm still tendin' to the song
I be blowin' up spots like I was sendin' out mail bombsStay calm and be noddin' see
 I'm like a black president 'cuz niggas ain't seein' me
 Has beens they both like bad Skinz so face it
After this joint yo, we passin' out some neck bracesI gotcha head noddin', 'cuz your neck knows it phat
 Check it out like this and then like that
 I gotcha head noddin', 'cuz your neck knows it phat
Check it out like this and then like thatI gotcha head noddin', 'cuz your neck knows it phat
 Check it out like this and then like that
 I gotcha head noddin', 'cuz your neck knows it phat
Check it out like this and then like thatMy track packs energy like nuclear reactors
 I be Mad Skillz and this be the Nod Factor
 After Mc's smoke me take a toke
I'll fuck your career like the cast on Different StrokesNo joke, I see airlines and start aimin' rhymes
 My shit will have hard niggas in soul train lines
 Bumpin' wit' this big black broad named Belinda
Oh, you rap don't say Jack and walk quiet like a ninjaI injure beats so you can expect to go to Cairo
 So I can practice checkin' that neck and got set
 'Cuz guess what I'm the one to set it, you regret it
'Cuz my beats employin' paramedics, I wet itYeah and it will stay that way, I know you'll be back
 You probably got some rhymes on lay away
 But I be here freakin' fat funk to make you sweat
Do me a favor and tell your neck that I ain't finished yetI gotcha head noddin', 'cuz your neck knows it phat
 Check it out like this and then like that
 I gotcha head noddin', 'cuz your neck knows it phat
Check it out like this and then like thatI gotcha head noddin', 'cuz your neck knows it phat
 Check it out like this and then like that
 I gotcha head noddin', 'cuz your neck knows it phat
Check it out like this and then like thatI perfect raps stick in under your skin
 Either you're noddin' by now
 Or you're dead or a mannequin

My friend resistin' ain't good for ya health
Put your tool on the shelf and just go for self
Get help, get da drink and get the hidin' get your groove on
Before he get his glock and gat up the party like Gotti
I'm runnin' thangs from the inside
Rap better wait because your style done died
And let you corny-spiderman Mc's sayin' nuthin'
Put your clothes on backwards if you feel like frontin'
I'm huntin' for beats on point like cleets
Wit' da brand new sound you can pump in ya jeeps
It be the Nod Factor rollin' hard like tec's
I'm Skillz for real, bringin' it to you somethin' stank
This track will be in ya ear like new wax
And tell your neck veins to relax
I gotcha head noddin', 'cuz your neck knows it phat
Check it out like this and then like that
I gotcha head noddin', 'cuz your neck knows it phat
Check it out like this and then like that
