

Sailin'

Elizabeth McMahon

I've been up and down this high way
 Feelin' washed up on the shore
But I can see the sun slowly risin' out there
 And I count down one more

And with the world above my shoulders
 Hey, I can stand up straight and tall
And slip my feet back in those worn out shoes
 And still make last call

And we go sailin', sailin'
 I wanna go sailin'
On that magic ship we're on
 Sail on sailor, sail on

To that place in my head
 That simple place I've never been
They say the sun never goes down there
 Raise the canvas to the wind

And we'll go sailin'
I wanna go sailin', I wanna go sailin'
 Sailin' from sunset to dawn
Sail on sailor, sail on, sail on

I wanna go sailin'
 I wanna go sailin'
Baby, let's go sailin'
 I wanna go sailin'
We gotta go sailin'

I wanna go sailin'
[Incomprehensible] wind in my face
 Well, we go sailin', sailin'
Sail on sailor, let's go sailin' on
 'Cos I wanna go sailin'
