

# Kid on a Corner

[Tiffany](#)

=====

(0.17)

You keep me hangin' like a kid on a corner,  
Just because you think you can.  
Don't be so certian that I'll always be there,  
Just because I've always been.  
People change,  
And I've beeb changing.  
Don't you notice after all this time?
