

Promised Land

Sanctus Real

We didn't have a lot of fun in the desert
We didn't have a lot of fun in the sand
So saddle up your cow and fall behind us now
'Cause we're going to the promised land For years I've eaten nothing but manna
The dish that is filling but bland
But we're on our way, I'll have a cheese souffle
Cause we're going to the promised land Well, in the promised land, it's gonna be so grand
We'll have our fill from the grill as much as we can stand
It'll be so great oh, we can hardly wait
Cause we're going to the promised land The dining was lousy with Moses
But we'll be feasting with Josh in command
I'd like a taco please with some pintos and cheese
Cause we're going to the promised land In the promised land, it's gonna be so grand
We'll have our fill from the grill as much as we can stand
It'll be so great oh, we can hardly wait
Cause we're going to the promised land In the promised land, it's gonna be so grand
We'll have our fill from the grill as much as we can stand
It'll be so great with waffles on my plate
Cause we're going to the promised land Waffles sound so good right now
I can just see the feast They saw it's flowing with milk and honey
They say it's flowing with milk and honey
It's flowing with milk and honey
'Cause we're going to the promised land In the promised land, it's gonna be so grand
We'll have our fill from the grill as much as we can stand
It'll be so great oh, we can hardly wait
Cause we're going to the promised land In the promised land, it's gonna be so grand
We'll have our fill from the grill as much as we can stand
It'll be so great with waffles on my plate
Cause we're going to the promised land
