## Primer 55

Can't Breath

Well I'm too tired to fall asleep  
So I'll just lie here and watch you breath  
Push the hair back from your eyes  
Gently push your lips to mine  
For sure with lots of care  
I'd do anything to keep you here  
One wrong step and you'll be gone  
Like everything, I ever loved  
Bring this  
Hey without you why can't I  
Breath  
Now that I know what you need  
Innocence is to nieve  
Try so hard to get the nerve  
But never get what I deserve  
Sanctuary in your arms  
Cause I feel no one can do you harm  
Feel your heart beat next to mine

Make a pass, your far behind

Bring this

Hey without you why can't I

Breath

Well I'm too tired to fall asleep  
So I'll just lie here and watch you breath  
Brush the hair back from your eyes  
Gently push your lips to mine  
For sure with lots of care  
I'd do anything to keep you here  
One wrong step and you'll be gone  
Like everything, I ever loved  
Bring this  
Hey without you why can't I  
Breath  
Can't breath  
Bring this  
Hey without you why can't I  
Breath
