

# Team (Young Bombs Remix)

## Iggy Azalea

Iggz  
Look, turn me up, break the knob right  
I get dressed like it's prom night  
I feed them lemons in the limelight  
They say I'm full, lost my appetite?  
(Hell nah) Keep on pushing like a dealer (say what?)  
(Hell nah) Keep on shooting, Reggie Miller (say what?)  
(Hell nah) Go and give 'em all the finger  
You gotta set the score right, call it Hans Zimmer  
My time wherever I go  
I took a chance like I'm from Chicago  
Hundred-plus in that Murcielago  
'Bout to go ape, hey, yurn it to the cangoBaby, I got me  
Baby, I got me  
And that's all I need  
Yeah, that's all I need  
Baby, I got me  
Only friend, by me  
Playing on my team  
Is someone likeMe, baby, no way  
Watch me while I do my thing  
Oh, baby, no way  
Are you fucking with the team?Outchea, pronto  
Hit 'em with the dose, that's a combo  
Running through ya block, no fumble  
'Bout to kill 'em all, where the shovel?  
See, I gotta go for mine  
Ben-ja-jammin', that money on my mind  
Jamaican club, I'm stayin' on the grind  
Dutty wine, don't step on this land mine  
Ven aqui, andele  
You tryna take flight, do what I say  
Hundred-plus volts on the highway  
Watch a new Kardash', call me KylieBaby, I got me  
Baby, I got me  
And that's all I need  
Yeah, that's all I need  
Baby, I got me  
Only friend, by me

Playing on my team  
Is someone like Me, baby, no way  
Watch me while I do my thing  
Oh, baby, no way
