Better To Lie

Cheryl Cole

Yeah, yeah, whoa, whoa
Said it's better, it's better
I never should've let her know
It was better to lieI'm screaming, he's talking over
I've asked him twice, says he don't know her
I raise a fist, he grabs my wrist
Ask for the truth and this is what I getI only asked him
Who called the cellular?
He said he don't know
But yeah, it was a girlAnd he's chilling
Like nothing of it
Now I'm tripping
I'm yelling up in public likeOh, can you please just be honest?
He tells me some story, but I just don't want to know
No, I just don't believe him
And all I want to do is keep screaming and he's likePlease calm down
Baby, because you're talking too loud
I'm hollering, hollering
You won't let the truth come outSo please calm down
Baby, because your volume's too high
I should've kept the truth inside
So maybe it was better to lieSaid it's better, it's better
I never should've let her know
It was better to lieSaid it's better
It was better to lie
Said it's better
It was better to lieI walk away
So he comes after
I'm running quick
But he runs fasterSome explanation that I don't need
He tells me, "Baby
Can you sit down and breathe?"
Freaking out, hystericalSaid you shouldn't lie
Would've been better off
So silly me thinking you're a good guy
Maybe now you know not to lieOh, can you please just be honest?
He tells me some story but I just don't want to know
No, I just don't believe him
And all I want to do is keep screaming and he's likePlease calm down

Baby, because you're talking too loud
I'm hollering, hollering
You won't let the truth come outSo please calm down
Baby, because your volume's too high
I should've kept the truth inside
So maybe it was better to lieSaid it's better, it's better
I never should've let her know
It was better to lieSaid it's better
It was better to lie
Said it's better
It was better to lieI thought it would be better if I did you right
But I guess I should've told you lies
You lied, you lied
And now you're standing, telling mePlease calm down
Baby, because you're talking too loud
I'm hollering, hollering
You won't let the truth come outSo please calm down
Baby, because your volume's too high
I should've kept the truth inside
So maybe it was better to lieSaid it's better, it's better
I never should've let her know
It was better to lieSaid it's better
It was better to lie
Said it's better
It was better to lie
