Don'tlookdown

David Ryan Harris

Verse 1:
Son, what you don't understand
My words, might never explain
So I am hoping that time will
Things may not go as you planned
Dark clouds might bring you pain
But I will be in your heart still
Telling you

Chorus:
Don't look down
Don't feast your eyes on things that are on the ground
And if it gets hard to focus
When you're traveling almost at the speed of sound
Feeling nowhere about
Remember what I told you
And don't you dare look down
Don't look down..Ohh

Verse 2:
No father wants his son
To repeat the wrongs his daddy's done
I want you to get it right child
I won't always be here for you
So to yourself always be true
And if you get lost
Use your inner light child
Shining

Chorus:
And don't look down
Don't feast your eyes on things that are on the ground
And if it gets hard to focus
When you're traveling almost at the speed of sound
Feeling nowhere about

Bridge:
Almost out of control
Burn rubber and not your soul
Because something lives within

That you can count on when
There is no hand to hold
When the world seems dark and cold
Remember what I told you
And don't you dare look down

Don't you dare look down
Don't look down
When your traveling almost at the speed of sound
Don't you dare look down
Don't look down
