

# Coming Home

## Eldest 11

When you wanted to leave, I wanted to stay....  
but I left anyway to prove, to prove to you...  
We were right for all the wrong reasons....  
Cheapening....Cheating.....Fuck happiness! She's a monster,  
hiding from me! but I swore to you...  
I'd do anything for you....  
You left me out in the cold, knuckles punching the wall!  
Cheapening....Cheating.....Suffocate.....I'm never coming home! (another wounded bird)  
Things are so different from what I know....  
All the fucking memories! All the things you did to me!  
(you're an enemy)  
I'm never coming home!  
I'll hurt what I hold! Show me something beautiful....  
And tragic, to remember the moment when I'm dying...  
I'll haunt for an eternity!!!!  
Cheapening....Cheating.....Suffocate.....
