Mad Dog God Dam

Elastica

Don't need a credit card to make my charge complete
Don't want you on your back I just got on my feet
Don't want the same boy another time
Don't bother making love don't want to make you mineDon't need this anymore ? ? ?
I want to get you down
Don't need this anymore ? ? ?
I want toBe myself, gonna get in your way, yeah
Be myself, gonna get it under
Be myself, gonna get in your way, yeah
Be myself, you're the oneYou're the one, last one...Please yourself
You gotta be yourself
You gotta check yourself
Don't forget yourselfDon't need a credit card to make my charge complete
Don't want you on your back I just got on my feet
Don't want the same boy another time
Don't bother making love don't want to make you mineYou know I'm waiting for my man
Just because I can
You know I'm waiting another time
Ii want to
