

# One Second

## Bloodflowerz

i close my eyes  
listen to a soft song  
an ancient melody  
of strange mysterywith your deep blue glance  
i venture a close dance  
come deep inside  
not just this nightone second[chorus:]  
in confusion by a flash  
in the cycle of life and of death  
cannot stop the flood paving the way of my fate  
we are the blood, we are of the clay  
are you the god saving my day  
we cannot stop the flood, the way of our fate~~love's~~ rising  
brighter than all stars can  
higher than dragons fly  
but virgins are shyin one second  
all can change  
rearrange  
wake up the sleeper  
and touch me deeperone second[chorus:]  
in confusion by a flash  
in the cycle of life and of death  
cannot stop the flood paving the way of my fate  
we are the blood, we are of the clay  
are you the god saving my day  
we cannot stop the flood, the way of our fate
